

# MELODIC MINOR SCALE VIOLIN FINGERINGS

This chart provides violin fingering for the melodic minor scale in 12 keys. Each key is represented by a staff with a treble clef and a key signature. The scales are: G major (one flat), G# major (three sharps), A major (no sharps or flats), Ab major (two flats), Bb major (two flats), B major (two sharps), C major (no sharps or flats), C# major (three sharps), D major (two sharps), Eb major (three flats), E major (four sharps), and F# major (three sharps). Each staff shows the ascending and descending scale with fingerings (1-4) and bowing directions (up and down bows) indicated by arrows. The descending scale in each key is a half-step lower than the ascending scale. The chart is organized into two columns: the left column contains keys with one or two flats (G, Ab, Bb, C, Eb, F), and the right column contains keys with one or two sharps (G#, B, C#, D, E, F#).
